RE: FOIA REQUEST
SENT BY EMAIL: foia_hq@epa.gov

Dear FOIA Officer:

Under the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, I hereby request the following records:

1. Record(s) reflecting the names, identities, and affiliations of each and every person or entity requesting records under FOIA from the Environmental Protection Agency ("EPA") in calendar year 2013.
2. Record(s) reflecting the EPA's categorization of each and every person or entity making a FOIA request in calendar year 2013 for the purpose of making a determination about the applicability of FOIA fees. These categories, therefore, would include "commercial use" requesters, "educational or noncommercial scientific institution[s]" and "representative[s] of the news media," as well as requesters eligible for reduction or waiver of fees under 5 U.S.C. § 552(a)(4)(A)(iii).
3. Record(s) reflecting the cost to the EPA and any fees assessed to the requester as to each and every request made in calendar year 2013.
4. If any or all of the information described in paragraphs 1-3 is contained in a single agency database or log of FOIA requests, I hereby request the database or log in its entirety, including all fields of information even if not otherwise described in this request.

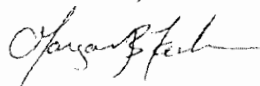

Under 5 U.S.C. § 552(a)(3)(A), I request that the above listed records be produced in electronic form, specifically in Excel or in another database format, if possible.

Under 5 U.S.C. § 552(a)(4)(A)(iii), I request a waiver of all applicable fees, if any, as this request is in the public interest "because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester." First, I am a full time, salaried, tenure-track member of the faculty at the University of Denver Sturm College of Law, itself a non-profit educational institution, and I am not engaged in any profit-making enterprise or business. I thus have no commercial interest to which this request could (or does) pertain. Second, a significant component of my job is to conduct research and write scholarly publications. Much of my past research concerns the operation of the Freedom of Information Act. This request will shed light on the nature of who is using FOIA most frequently

and how the government's resources are spent in responding to FOIA requests. Very little existing research documents the makeup of FOIA requesters, and thus this information will contribute to the public's understanding about the government's operations in this area. It is further likely to contribute to the public's understanding of government activities because it is intended to form the basis for a future scholarly publication. My record of past publications supports the credibility of future publications. As support, I am attaching a copy of my current curriculum vitae, in which you can see my record of scholarly publications, particularly in the area of the Freedom of Information Act.

In the event that my request for a waiver of fees is denied, please contact me with an estimate of fees before they are incurred. Please also contact me if you have any questions about my request.

Best wishes,

Margaret B. Kwoka
Assistant Professor of Law
University of Denver Sturm College of Law
